

Kids Church Craft - 1 Corinthians

Week 1

This week we'll be learning that church is: God's people gathered because Jesus died for them. For a craft activity this week why not get your child to draw a picture of their family and send it in to church via email or post or drop it in to church sometime so we can get a collage of all the different people and families that make up our big church family. Alternatively, they could draw a picture of what they think church means.

Happy drawing!
